

Phila. June 13th 1890

O. C. Bosbyshell Esq
Supt of Mint
Dear Sir

I am informed that there is one man shot in the wash room of the U. S. Mint. Yesterday Mr Webb asked me if I could stand it in there. I said I could and would be glad to go in there during the day. Mr Webb asked Mr Gibson for me and he refused to let me go; his excuse was that I could not stand it. he then sent a Colored man there. As for me not able to do the work I will guarantee that I can stand it as well as any other person, and I most respectfully ask you if you will not see that I am put there I have done harder

work than the work in the room
referred to, I have been mixing
Mortar and helping the masons
for the past three months and
I can assure you it is not very
desirable, I trust that you
will do me this favor and I
am sure you will not regret it.
as I will give satisfaction as
Mr Webb said I did do when
in the Rolling room.

I remain your obedient servant
Wm. Stachouse

O.C. Bosbyshell, Esq.
Supt. of Mint

Dear Sir

I am informed that there is one man short in the Wash Room of the U.S. Mint yesterday. Mr. Webb asked me if I could stand it in there. I said I could and should be glad to go in there during the day. Mr. Webb asked Mr. Gibson for me and he refused to let me go; his excuses was that I could not stand it. He then sent a colored man there. As for me not able to do the work, I will guarantee that I can stand it as well as any other person, and I most respectfully ask you if you will not see that I am put there. I have done harder work than the work in the room referred to. I have been mixing mortar and helping the masons for the past three months and I can assure you it is not very desirable. I trust that you will do me this favor and I am sure you will not regret it. As I will give satisfaction as Mr. Webb said I did do when in the Rolling Room.

I remain your obedient servant,
Wm. Staetehouse
